Environmental Management Policy

The employees of THINKWARE Corporation (hereinafter referred to as "we") first consider the environment and declare its environmental management policy as follows to achieve overall planning and implementation of environmental policies, as well as environmental pollution prevention, energy reduction, recycling and clean technology development.

ONE, we apply optimal pollution prevention techniques to production activities and processes to minimize emissions of environmental hazards.

ONE, we maximize the practice of saving and recycling resources throughout environmental management activities.

ONE, we do our best to improve the local environment and establish a continuous communication system with stakeholders

CEO of THINKWARE Corporation *LEE Heung Bok*
